benefits enjoyed by Supplier's Suppliers and other players in the supply chain are also required to be passed on to the Supplier, which in turn shall be passed on to GNFC by way of price reductions. Accordingly, Suppliers are expected to pass on any direct or indirect benefits arising thereon.

All benefits due to change in rate of tax of outward supply or availability of Input Tax Credit to supplier even post implementation of GST will be required to be passed onto GNFC.

The responsibility to pass on the above benefits vests with the Suppliers as our 'Responsible Suppliers' and GNFC shall have a right to understand and seek details of the manner/ mechanism in which such benefits shall be passed on to it.

#### ► TAX INDEMNITY CLAUSE:

If GNFC is not able to avail Input Tax Credit due to any short coming / failure on part of the Supplier in compliance of provisions of GST Law applicable from time to time, including but not limited to mismatch of ITC between Invoice and GST return uploaded by supplier (which otherwise should have been available to GNFC in the normal course) and issuance of valid tax invoice compliant with e-invoicing and / or any other applicable requirements under the GST Law, the Supplier shall at his own cost and effort get the short coming rectified. If, for any reason, said rectification is not possible, the Supplier shall make 'good' the loss suffered or potential loss that may be suffered by GNFC due to or on account of short coming / failure on part of the Supplier in compliance of provisions of GST Law and consequent tax credit loss caused to GNFC in that transaction. When any shortcoming is communicated by GNFC to Supplier, the Supplier shall take prompt action to rectify the same at the earliest. GNFC reserves right to recover from outstanding dues of Supplier without prejudice to above mentioned obligation of Supplier to make 'good', the loss suffered or potential loss that GNFC may suffer.
